25X1A

Delivered letter to [REDACTED] 25X1A. He stated he would advise [REDACTED] and hoped that he would accept terms of our letter. He will advise us as soon as possible. He stated he did not wish any comment on the fanfold (Form 50) re retroactive pay - that the letter would cover this point. I told him you had indicated you would go along with this.

He inquired if he could be present at a further Agency hearing, if held. I explained our regulation. He stated that he would make application in any event in order to be on record as having applied.
